

## C170 ANTIVIRAL CLEAN AND PROTECT - **COVID-19 KILLER**

C170 AntiViral Clean and Protect is the latest product from our range which is designed to kill 99.99% of enveloped viruses - including Coronavirus SARS-COV-2 (COVID-19).

- Independently tested to British Standard EN 14476 against Coronavirus.
- Effective in just 5minutes - killing 99.99% of viruses.
- Suitable for use on non-porous surfaces, and when used as recommended, leaves treated surfaces safe for human contact.
- Low VOC (<5%) - based on biodegradable solvents and cleaning agents.
- Mild cleaning action – for heavily soiled surfaces we recommend first cleaning with C160 Universal Anti-Bacterial Machine and Surface Cleaner. Then apply C170 and leave to act for 5minutes before wiping clean, for optimized virucidal action.
- Available in easy to use trigger spray bottles, as well as 5litre, 10litre and 25litre containers.

For more information on these products or anything else that ECS produce please contact us by clicking [here](#) or calling the office on +44 (0)1623 720 444.
